 - Testimony Included:
 - Presented on extent of the problem
 - Decisions to use or deprescribe antipsychotics or other psychotropic medications
 - Barriers to the coordination of care from the literature needing to be addressed
 - What nursing residents need
 - What clinicians need
 - What caregivers need

Note: Presentation slides and written comments provided by subject matter experts will be posted at <https://www.khi.org/pages/2022-SCTF> and distributed.

Agenda item: Administrative Updates and Next Steps

Discussion:

- Preparation for the next meeting: 9-10:30 a.m. Tuesday, Jan. 25

- Review SWOT Analysis to add or adjust current strengths, weaknesses, opportunities, and threats.
- Validate vision statement: “Older Kansans will have access and the ability to choose and receive high-quality, person-centered services wherever they reside.”
- Review resources and meeting materials to prepare to develop recommendations.
