Number of People Selecting a Plan

Note: The U.S. Department of Health and Human Services released summary enrollment data on March 23, 2023, for the tenth open enrollment period of the federally facilitated health insurance marketplace created by the Affordable Care Act (ACA). The open enrollment period lasted from November 1, 2022, to January 15, 2023. During that time a total of 11,981 Kansans selected a standalone dental insurance plan for the 2023 plan year through the marketplace. The data report the count of unique consumers who selected or were automatically re-enrolled into a 2023 marketplace dental plan (regardless of whether the consumer paid the premium).
