Insurance Coverage Dashboard

bit.ly/4c8lLpx

Scan the QR Code to see an interactive map of uninsured by county

1 Click on *Source of Insurance Coverage*

- Find and click on your county
- How does the uninsured rate in your county compare to neighboring counties?
- What is the difference between private and public coverage rates in your county? How does it compare to Kansas or to the United States?

2 Click on *Characteristics of the Uninsured Population*

- Find and click on your county
- In your county, what characteristics make a person more likely to be uninsured?
- Is this similar or different to your neighboring counties?
