Re: Key definitions and references regarding Kansas Health Institute (KHI) Issue Brief, [A Closer Look at Maternal Health in the U.S. and HHS Region VII: Examining Barriers in Rural, Black, and Somali Immigrant and Refugee Populations](#), KHI/25-62, Aug. 6, 2025.

Prepared by: Ithar Hassaballa, Ph.D., M.P.H., Avanthi Chatrathi, M.P.H., Valerie Emerson and Sheena Schmidt, M.P.P.

---

*This memo provides key definitions and references for the KHI Issue Brief, A Closer Look at Maternal Health in the U.S. and HHS Region VII: Examining Barriers in Rural, Black, and Somali Immigrant and Refugee Populations.*

## KEY DEFINITIONS

### Literature Review:

[Prenatal/Prenatal Care](#): The period during pregnancy before birth occurs. Prenatal care refers to care aimed at promoting a healthy pregnancy and the prevention or identification of pregnancy complications.

[Perinatal](#): The period including early pregnancy, birth and postpartum.

Peripartum: The period defined as pregnancy and the 12 months after delivery.

[Postpartum](#): The period after childbirth (most often referred to as the first six or eight weeks after delivery or until the body returns to pre-pregnancy state).

[Immigrant](#): Someone who decides to leave their home country and move to a different country with the intention of settling there.

[Refugee](#): Someone who is forced to leave their home country and flee to a different country because of war or violence.
